This includes but is not limited to:

- **Lenses** (We easily have the largest, most varied collection of Kodak Slide Projector lenses. If you are looking for a specific model, simply ask. Take a look at the photos below for an idea)
- **Remotes** (With or without focus control, including remote extension cables)
- **Cases** (From hard plastic to leather to wood, yes wood)
- **Heat absorbing glass from the lamp tray**.
